

First Crush Winery 2017 Coop Wine Reserve

Answer yes to the following questions,... and you qualify as a perfect Coop member!

1. I really like First Crush Winery wines.
2. I want to save an average of \$70.00 per 12 bottle case.
3. I am able be on Cape Cod once yearly, to pick up my reserved wine.

In short, the Coop is like purchasing wine futures at a meaningful discount,... **only better**. This is not a wine club, and there is no membership fee to join. Our concept is unique in that much of our 30,000+ bottle wine production is reserved by Coop members annually by simply placing a deposit on reserved wines. Also, if members desire, they can participate in the primary stages of making the wine that will ultimately be their own. Members receive enology education, attend seasonal social events at the winery and can bring guests to the winery for tastings and tours. **To Join: Members reserve a desired # of cases with a 50% deposit.**
